Literary Politicians.

The October number of Putnam's Monthy has a political article on the Kansas Question which is a weak re-production of the stereotyped sophistries on that subject in particular and on slavery in general. We pass over its unfair and untruthful statements, and say nothing of the dishonesty of inserting in a literary Magazine an essay purely partisan; a growing anisance in our country. Wo mean

Many of them have passed the fiery orders instead of the free and enlightened State, from a community whose indulgence and continue to the sense of the Missouri Compromise in those who think that it would be impolitic to many of their difficulties, remove many of their difficulties, remove many of the many of their difficulties, remove many of the many of their difficulties, remove many of the scholars in the of the bar, have had to talk common sense to have had to talk common sense to have given him properly and post- to hard-fisted juries and to learn to look at the sense in the sense to have given him properly and post- to the sense to the sense to have given him properly and post- to the sense to the sen to hard-fisted juries and to learn to look at things as they are.
